

Mac Recruit are expert in the Oil and Gas Industry – both UK and Internationally.

Over the years we have placed hundreds of candidates in roles – ranging from Rig Managers to Floor Hands.

Hiring key staff is vital to any organisation – that is why we get to know our clients and candidates, spending time visiting the various sites to get a full understanding of their expectations.

The team at Mac Recruit have worked for some of the most prestigious Oil and Gas providers globally – even securing exclusive business for a number of major contracts.

Oil and Gas Sectors we work in:

- Upstream
- Downstream
- Offshore
- Onshore
- Training – on and offshore

Types of roles we recruit are:

Offshore –

- Rig Superintendent
- Tool Pusher
- Driller

- HSE

Mac Recruit Group can also provide fully insured Contract and Temporary candidates to cover holidays and sickness

We plan and execute every project to ensure both Client and Candidate are fully informed of the process and timelines involved.

What do we do?

- Take a full brief from hiring manager / line manger
- Visit site – where possible
- Advertise – numerous sites ...Mac Recruit have an extensive network
- Search current database
- Filter CV's
- Telephone Interview / Face to Face – every candidate is screened
- Request certification, right to work and references
- Send CV with profile/additional information gained from interview
- Arrange interviews – Mac Recruit representative can be present if requested
- Manage on boarding – visas, relocation, housing – keeping candidate and client up to date
- Keep in regular contact after placement to ensure no teething issues – if so, we can support the candidate and client to ensure attrition is low during the first few critical months
